

Activity Outline

Activity Name: Snakes and Ladders

Principle:

Sober drivers

Safe speeds

No distractions

Avoiding risks

Driving to the conditions

Building experience

Summary: Draw a giant board on the ground with lots of snakes and ladders. Add additional Question marks in squares where students have to answer a road code question to progress.

Current Available Resources:

- The SADD website has information and links to other sites to help you come up with questions

Notes:

- Adapt the questions to suit the school, age of the students participating and the issues that are relevant to your school and community.
