

Activity Outline

Activity Name: What's next?

Principle:

Sober drivers

Safe speeds

No distractions

Avoiding risks

Driving to the conditions

Building experience

Summary: display pictures that depict driving scenarios to students and ask them the following three questions:

- What do you see?
- Why do you think this is happening?
- What might happen next?

The ideas behind this activity is to promote discussion around actions and potential outcomes.

Current Available Resources:

Notes:

- You could use post-it notes for students to write their answers on and add to the display
- This activity can be used to gauge what students think and understand about certain scenarios. You can then use this information to plan your next SADD activities.
